AI SARANSH

Text Summarization & Deduplication Services

It is a technique that shortens the long piece of content with main points outlined that gives an idea of the whole content. It become critical when someone needs a quick and accurate summary of very long content. Being used by Courts for Summarisation

Summarizing text can be expensive and time-consuming if done manually if application needs deduplication of messages received from citizens in bulk. Being used by MSME for Idea Incubation program

AI-SHRUTI

Automatic Speech Recognition(ASR)

It is all about using computers to transform the spoken word into the written one. The process is also commonly referred to as “speech-to-text” or Transcription Services.

- The process can be applied to live speech or audio recordings.
- ASR currently available in Hindi, English, Bengali, Marathi, Kannad, Tamil & Telegu
- Being integrated with eCourts & High Courts

भारतीय वायु सेना के हेलीकॉप्टर के दुर्घटनाग्रस्त होने का एक बड़ा दृश्य और स्थानीय लोगों ने तत्काल बचाव कार्य में मदद की।

A large spectacle of the crash of IAF helicopter and locals helped in the immediate rescue operation.

Translate

AI Panini-Translation Service

This is a service for the translation of Indic languages to English and vice versa. This service can perform translations for all 22 Indian languages like:

Assamese, Bengali, Bodo, Dogri, Gujarati, Hindi, Kannada, Kashmiri, Konkani, Maithli, Malayalam, Manipuri, Marathi, Nepali, Oriya, Punjabi, Sanskrit, Santali, Sindhi, Tamil, Telugu, Urdu & Braille.

Input for API based Services:

```
{  
  "text": "હું આ લખાણનો ગુજરાતીમાં અનુવાદ કરવા માંગુ છું",  
  "src_lang": "gu",  
  "tar_lang": "en"  
}
```

Output of API based Services:

```
{  
  "text": "I want to translate this text into Gujarati"  
}
```

AI Matra – Text Transliteration Services

Transliteration - method of mapping from one system of writing to another based on phonetic similarity. e.g.

namaskar is नमस्कार in Hindi and namaskaram becomes നമസ്കാരം in Malayalam

Available in 12 Indic Languages for editing using a English Keyboard i.e.

Assamese, Bengali, Gujarati, Hindi, Kannada, Malayalam, Marathi, Nepali, Oriya, Punjabi, Tamil and Telugu.
